## CAIET DE SARCINI

Pentru achizitia de medicamente diverse pentru Spitalul Orasenesc „Asezamintele Brancovenesti”, Dabuleni

### Introducere:

**Prezentul caiet de sarcini contine indicatii privind regulile de baza care trebuie respectate astfel incat potentialii ofertanti sa elaboreze propunerea tehnica corespunzatoare cu necesitatile autoritatii contractante. Cerintele impuse prin caietul de sarcini sunt minimale.**

**Scopul aplicarii procedurii:** Spitalul Orasenesc „Asezamintele Brancovenesti”, Dabuleni, in conformitate cu prevederile Legii nr.98/2016 privind achizitiile publice, organizeaza procedura de achizitie pentru furnizarea de medicamente diverse , necesara desfasurarii actului medical in sectiile si compartimentele din spital.

### Obiectul principal al achizitiei:

Furnizarea de medicamente pentru sectiile si compartimentele din spital.

#### **COD CPV: 33690000-3 Diverse Medicamente(Rev.2)**

Perioada derularii –de la incheierea contractului pana la data de 31.12.2026, cu posibilitate de prelungire prin act aditional incepand cu data de 01.01.2027 pana la data de 30.04.2027.

Valoare minima estimata a contractului de achizitie: 630.630,54 lei fara TVA si reprezinta valoarea estimata a prezentei proceduri in functie de care se vor elabora si evalua ofertele.

NR. Loturi:318

### **Cerinte tehnice**

Se solicita:

- eticheta si instructiunile de utilizare
- certificat de calitate
- declaratie de conformitate

Caietul de sarcini contine in mod obligatoriu,specificatii tehnice si totodata indicatii privind regulile de baza care trebuie respectate astfel incat potentialii operatori sa elaboreze propunerea tehnica corespunzator cu necesitatile autoritatii contractante.

In acest sens orice oferta prezentata,care se abate de la prevederile Caietului de sarcini,va fi luata in considerare,dar numai in masura in care propunerea tehnica presupune asigurarea unui nivel calitativ superior cerintelor minimale din Caietul de sarcini.Oferta de produse cu caracteristici tehnice inferioare celor prevazute in caietului de sarcini atrage respingerea ofertei ca neconforma.

Cerintele impuse vor fi considerate ca fiind minimale si obligatorii.

### **RECEPTIA PRODUSELOR**

Receptia cantitativa si calitativa se va face la sediul Spitalului Orasenesc”Asezamintele Brancovenesti”,str.Unirii,Nr.11,oras Dabuleni,jud.Dolj,in conformitate cu reglementarile legale in vigoare privind receptia produselor.Documentele de insotire a produsului:

- factura fiscal
- aviz de insotire a marfii
- certificat de calitate

Caietul de sarcini contine in mod obligatoriu specificatii tehnice si totodata indicatii privind regulile de baza care trebuie respectate astfel incat potentialii operatori economici sa elaboreze propunerea tehnica corespunzator cu necesitatile autoritatii contractante.

In acest sens orice oferta prezentata,care se abate de la caietul de sarcini,vafi luata in considerare,dar numai in masura in care propunerea tehnica presupune asigurarea unui nivel calitativ superior cerintelor minimale din Caietul de sarcini.Ofertarea de produse cu caracteristici tehnice inferioare celor prevazute in caietul de sarcini atrage respingerea ofertei ca neconforma.

### **Conditii de livrare:**

In termen de 3 zile lucratoare de la transmiterea pe fax sau email a unei comenzi ferme de catre autoritatea contractanta, produsele vor fi livrate la adresa indicate de autoritatea contractanta.

Transportul se va face prin grija ofertantului, fara nici o obligatie din partea autoritatii contractante.

Preturile unitare din oferta vor fi exprimate in lei fara TVA si vor include costul ambalajelor si al transportului. Pretul unitar va contine maxim 2 zecimale.

Receptia cantitativa si calitativa a produsului se va efectua la sediul unitatii beneficiare in prezenta reprezentantului furnizorului, ocazie cu care se vor incheia documentele de receptie pentru produsul livrat. In cazul in care la receptie se constata ca produsul nu corespunde cerintelor tehnice din caietul de sarcini, acesta se returneaza iar furnizorul are obligatia de a le inlocui pe raspunderea si cheltuiala sa.

Perioada de garantie acordata produselor de catre furnizor este cea specificata de standardul de produs.

Valabilitatea produselor in momentul livrarii va acoperi cel putin 80% din perioada de garantie acordata de producator.

Autoritatea contractanta isi rezerva dreptul ca ,in situatia in care, pe perioada derularii contractului ,Ministerul Sanatatii finalizeaza procedura de achizitie aferenta activitatii curente in mod centralizat, contractele incheiate isi inceteaza valabilitatea, partile urmand sa se achite de obligatiile reciproce rezultate pana la acea data.

In cazul in care se regasesc denumiri comerciale ale unor produse va comunicam ca acestea au fost trecute doar pentru a identifica cat mai bine produsul de care avem nevoie, iar in situatia in care se gasesc produse similare acestea se pot oferta cu conditia sa se respecte proprietatile generale solicitate ale produsului initial. cantitate, termen de valabilitate.
